

CYC-CG-L Lower disc, standard hole position

For generated wave :

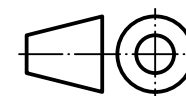

Rollers number = 23
 Rollers radius center position = 36.5mm
 Excentricity = 1.4mm
 Rollers radius external = 3.0mm
 6 holes 12.8mm equally spaced on PCD Ø22,55 mm

Part Material:
 Material to be defined

General tolerances:
 Not applicable

Scale:
 1 : 1

This version is not intended for manufacturing.
 Dimensions are nominal.
